Interline travel: Qantas baggage allowance may not apply. If your travel on this ticket involves more than one airline, the baggage allowance of the most significant carrier in your itinerary will apply to each journey, except in relation to travel to, from or within the USA. Under US DOT regulations, if your travel to, from or within the USA involves more than one airline, the baggage rules of one airline will apply to all of the flights in your itinerary. This is determined by the first carrier in your itinerary. For travel between Australia and the USA, usually (both not always) Qantas' baggage allowance will apply to the whole itinerary.

Member Allowances: Qantas Frequent Flyer and Qantas Club member baggage allowances apply to travel on Qantas and QantasLink operated flights with a QF flight number on your ticket, excluding flights to or from Lord Howe Island and Mount Hotham. These allowances also apply to Emirates operated flights with an EK flight number between and within Europe, the Middle East, North Africa, Asia and Australia. These benefits are not cumulative.

Definitions: Domestic travel is travel that is not combined with any international flights on the same ticket.

International travel is travel between two or more countries including any flight within those countries if it is combined with the international travel.

General: No single item of checked baggage may exceed 32kg (70lb). Carriage of baggage is subject to space availability and any applicable aircraft weight restrictions, which vary. Baggage exceeding the specified allowance may need to be accommodated on a later flight.

Visit qantas.com/baggage or the "Planning & Booking - Baggage" page of jetstar.com for important information regarding baggage restrictions. For additional and excess baggage rates visit qantas.com/additionalbaggage or jetstar.com.

Enhanced Security Screening - Powders, Liquids, aerosols and gels

Enhanced security measures apply to and from Australia and on domestic sectors of international flights within Australia. Similar or more restrictive measures may apply for other countries. If you want to take powders, liquids, aerosols or gels through the screening point, make sure:

- each item is 100ml or less;
- all items fit comfortably in a transparent resealable 1 litre plastic bag (only 1 bag per person is allowed)

Exceptions: Prescription and non-prescription medicines and baby products that you need for the flight, but please note:

- proof of need may be required, and
- additional security checks may be performed
- All powders must be screened separately with restrictions on the carriage of inorganic powders over 350 millilitres (350 grams)

Note - Duty Free items: Duty free liquids, aerosols and gels not exceeding 100ml per item may be taken onboard in your transparent resealable 1 litre plastic bag. Government screening requirements vary between countries around the world, and duty free liquids, aerosols and gels which exceed 100ml may not always be permitted through a screening point at all airports on your journey. If your journey includes a flight with a transit stop or a transfer to an onward connecting flight, you may be required to take these items through the transit or transfer screening points where you may be required to surrender the item, and it will not be returned to you.

Qantas recommends that you visit www.travelsecure.infrastructure.gov.au for more information.
